
Title: Attn: Brave Fighters!

Author: Aleena of Scots

Greetings and well met!
My companions and I have
noticed a growing threat
throughout the realm for
which we would like
gather a small force
against. There are any
number of vile and foul
beings inhabiting the
jungles of Ilshenar near
the Valor Shrine.

We are seeking a
great number of
stout-hearted fighters to
assemble this evening to
ferret out these
despicable creatures and
hand them their doom!

Bring your sword,
your axe, your magical
walking sticks, your
maces, your enchanted
instruments, and your
bows to the house of
Aleena of Scots at 8
p.m. in the eastern time.

The house to meet at
is the Crazy Scotsmen.
It is located six screens
Northeast from the Yew
moongate. When you find
a Solen ant hill, the
house is directly to the
east. It is a stone
tower and you will find
some men in my employ
there to greet you.

Make no mistake,
this task will not be for
the faint of heart.
Some say this is an evil
spawn in which the vile
beasts can summon their
champion when threatened.

So gather Ye who
do not fear at the house
this evening!
